
Ekurhuleni Business Network promotes business among companies through its innovative use of an interactive business networking platform. Connecting our 2000 member companies, their staff and business people across all industry sectors, job functions and locations throughout South Africa, EBN offers dynamic opportunities for mutual development and expansion of your business. While EBN is primarily focused on local networking, our close ties with numerous businesses give us access to state of the art technology which offers additional possibilities to our member base.

The Ekurhuleni Business Network is the conduit between local and international companies, offering local companies' invaluable information on the latest technology and products and informing local companies as to what is available for their benefit

Headed by Marius Van Biljon and Founder Chris Van Biljon with Amanda Hart in Admin the Ekurhuleni Business Network focus is on ensuring EBN members are given the opportunity to perform at the cutting edge of their sectors with the input of outstanding innovations.
